

Goddess Worship

A HEAVENLY VISION OF COLOR BY STEVEN ROBERTSON AND THE LUNATIC FRINGE ARTISTIC TEAM

For those who adore avant-garde styling and high fashion, this display of feminine beauty is nothing short of divine. The "Goddess Collection" by Paul Mitchell® stylist and learning leader Steven Robertson and Janae Johnson of Lunatic Fringe Salon illuminates a variety of celestial looks with bold strokes of color and an exploration in texture. Robertson and his team achieved their vision using wire, cardboard and wefts of hair.

"The Lunatic Fringe artistic team stumbled across a photo that showcased a few models simply shot with bare heads," says Robertson. "This inspired us to play upon its simplicity, yet show it as a canvas on which to display art. With avant-garde hairdressing, we believe less truly is more."
